In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements.

The Zeyer Funeral Chapel makes no representation or warranties about the protective value of certain caskets or outer burial containers. The only warranties, expressed or implied, granted in connection with goods sold with this funeral service are the expressed written warranties, if any, extended by the manufacturer thereof. No other warranties and no warranties of merchandise fitness for a particular use are extended by the Zeyer Funeral Chapel.
